

FOR IMMEDIATE USE – 19th June 2013**BUTTERWICK HOSPICE
RECOGNISES ITS ESSENTIAL SUPPORTERS**

Lee Anderson accepting Butterwick Award from Graham Leggatt-Chidgey

A HOST of organisations were presented with awards on Friday the 17th May in recognition of their support for a North-East hospice movement. The Butterwick Hospice staged a lunch at Judges Country House Hotel, Kirklevington, Yarm. The reception for 100 guests was sponsored by the hotel.

The Butterick Hospice founded in 1979 by Mary Butterwick OBE, provides end of life care, of the highest quality, to local people. Services, which are provided freely, have continued to expand greatly. The Charity depends heavily upon the generosity and support from the community it freely serves. Butterwick Hospice Care is only partially funded from government and NHS resources and welcomes every opportunity to work more closely with local businesses and individuals to help maintain its services.

Patricia Boynton, Butterwick Corporate Partnership Executive said: 'K Home International was the first company to become a Corporate Partner in 2007 and regularly sponsor Butterwick fundraising events. K Home International is a much valued partner and we are very grateful for the extra fund raising activities that everyone at K Home International are involved with.'

About Butterwick Hospice

The Butterwick aims to improve the quality of life for those who have a life limiting illness and their families and to help them relate positively to every challenge they may encounter during their illness and to see death as part of life's journey. A diagnosis of a life limiting illness changes everything – moves all the parameters in your life and the lives of those around you.

Hospice care exists to freely provide help to people living with a life limiting illness, relieving symptoms, enriching patient's lives and supporting them and their loved ones.

The first Butterwick day hospice in Stockton was opened by Mary Butterwick OBE, in 1984. Skilled nursing, supportive therapies and experienced counseling coupled with constant fundraising have grown the Hospice over the last 26 years into a regional provider of excellent end of life care.
